DEAR COLLEAGUES!

Academic Community of young scientists and students in Kaliningrad State Technical University is holding **11th Anniversary International Student Workshop Conference**
«European economics and management development trends and prospects: looking into the future»,

11th International Student Workshop Conference is a traditional academic event in KSTU. Students from all the leading higher educational institutions of Kaliningrad region, as well as students from major institutions of Russia and near abroad with specialization in economics can participate in the conference. At the end of the conference collection of conference papers will be published.

This anniversary conference will represent theoretical and practical issues concerning economic and administrative disciplines in the modern context.

It is our pleasure and honor to invite students from your institution to participate virtually in the conference. Reports can be sent in English, German or French language.

Organizational Committee is planning issue of conference materials and its further distribution to the authors in print format or on disc.

It is expected that the following sessions will be working:

1. Modern concepts of management.
2. Current issues in economics and state regulation.
3. Social and economic problems of region development.
4. Factory organization and management problems.
5. Designing companies' strategies and market policy.
6. Theory and practice of financial and credit activities.

Time schedule and venue.
